## Provider and His Family's Response to the Brain Bright Care Program

One of our Georgia providers, Dr. J., has a personal story to tell. Using the Brain Bright Care Program, had a dramatic improvement with his ADHD lifelong impairment. The conditioned persecuted him all of his life, 24/7.

His daughter, sister (lives in Europe where liquid nutritional products are not able to be shipped) and niece had been fighting, with medical care for chronic Lyme's Disease over many years. They sought care from nationally known Medical Lyme's Disease experts showing no demonstrative improvement or abatement. With the implementation of the Brain Bright Care Program, the daughter and niece, living in the USA, has responded dramatically and has greatly improved.

## Dementia Disorder Case, One Year Later!

A long term Chiropractic patient reported to "Dr. M's" Indiana office on March 12, 2017. The patient's wife stated that over several years, her husband lost a significant amount of cognitive ability and was diagnosed with Dementia. He was unable to be left alone at home, among other concerns, not able to be trusted to drive.

An updated case history and examination was performed. He was placed on the "Brain Bright Care Program". Included in the program is a specialized diet, Brain Bright Micro Synergistic Nutraceutical Products and Physician Adjunctive Protocols that including physical, mental and other enhance procedures.

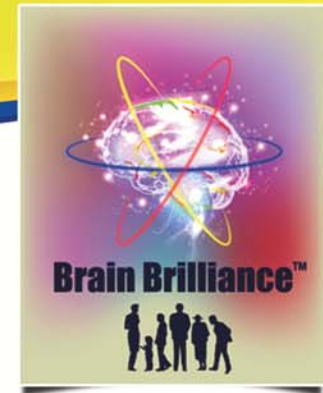

Patient is presently driving by himself, can be home alone and has considerable other reversals of the Dementia symptoms. Cognitive skills have nicely returned. He continues to improve and is stable. Date in Time is April 2, 2018.

**Advanced Therapy for "Disconnect Disorders" of the Nervous System including Attention Deficit Disorder (ADD), Attention Deficit Hyperactivity Disorder (ADHD).**

### What is it ?

Brain Brilliance is a revolutionary group of cutting edge nutraceutical products that provide important therapeutic advantages to people with "Disconnect Disorders" of the nervous system such as ADD, ADHD. These products were developed to fill nutritional gaps that current, standard-of-care regimes overlook by supplying essential elements for maintaining cellular health in central and peripheral nervous system tissues.

### How Does it Work?

The avant-garde Brain Brilliance products are carefully formulated to fuel nervous system tissues with a balanced combination of substances that are needed for normal, healthy cellular development and function. They enhance nervous system health by providing exact proportions of the essential elements that are required to build a strong cellular foundation for tissue repair. When these basic nutrients are available, nervous system tissues are best able to recover and restore function.

### What's the Science?

Thirty years of research, development, and clinical trials have led to the genesis of today's Brain Brilliance products. Utilization of Brain Brilliance products and demonstrated amazing clinical outcomes.
